Title	(BBAM) Spot Price Index
Alternative title(s)	SPI
Abstract	The BBAM SPI is a web-based tool giving access to BBAM biodiversity credit market data registered by the Environment Agency Head in the BioBanking public registers. The BBAM SPI uses drag-and-drop functionality to make it easy to extract and present biodiversity credit market data as dynamic and interactive data visualisations. The BBAM SPI comprises five pages presenting information about the: • spot market price for biodiversity credits • number of transactions registered • volume of credits transferred • total market value • number of active BioBanking agreements in New South Wales.
