| Abstract                                | Butterleaf National Park, Butterleaf State Conservation Area and the Bezzants Lease vegetation mapping was undertaken by Dr John T. Hunter in 2011 by contract for the NPWS Northern Tableland Region and Nature Conservation Trust. Butterleaf and Bezzantes Lease (a previous Nature Conservation Trust Property) are located approximately 10 km east south east of Deepwater.  |  |  |  |
|                                         | The vegetation of the Butterleaf National Park and State Conservation Area and Bezzant's Lease is described and mapped (scale 1:25 000). Nine communities and three sub-associations are defined based on classification (Kulczynski association). These eight communities and three sub-associations were mapped based on ground truthing, air photo interpretation and landform. |  |  |  |

## Lineage

Dr John T. Hunter prepared the report of the vegetation of the Butterleaf National Park and State Conservation Area and Bezzants Lease (NCT). Aims included the collation of existing information from previous floristic surveys and that the survey of 60,  $20 \times 20 \text{m}$  stratified full vascular plant floristic sites is carried out in order to complete a comprehensive investigation of the vegetation and flora of Timbarra National Park. The report represents the findings of this study. The collated information is to be used as a guide for management purposes.

The requirements of the investigation were: 1. Collate existing information from previous vegetation surveys conducted within the conservation areas. 2. Site placement to be based on selected environmental variables and be distributed based on the area they occupy. 3. Identify weed species and their occurrence. 4. Identify RoTAP, EPB&C Act and TSC Act species and their occurrence. 5. Identify regionally significant species. 6. Provide known fire ecology information on species and communities. 7. Construction of a vegetation map based on communities as defined by classification. 8. Provide management recommendations.
