Title	Customised ABS Census Data by Water Sharing Plan (WSP) regions
Alternative title(s)	Census Data by WSP region
Abstract	Secondary data are not available from ABS Agricultural and Population censuses for economic indicators and measures at a scale matching the NSW water sharing plan (WSP) regions. NSW DPE – Water purchased customised data for all WSP regions from 2006, 2011, 2016 and 2021 ABS censuses.
	The dataset contains following anonymised census data for each of the WSP regions:
	 Agricultural commodity data for 2006, 2011, 2016, and 2021 Water use data for 2011, 2016 and 2021 Gross value of irrigated agricultural production data for 2016 and 2021 Employment by industry and occupation for 2006, 2011, 2016 and 2021 Population by age distribution for 2006, 2011, 2016 and 2021 Aboriginal population, families, dwellings for 2006, 2011, 2016 and 2021 Average weekly earnings, full time, part time for 2006, 2011, 2016 and 2021 Interstate and regional migration (where possible) for 2006, 2011, 2016 and 2021 Socio-Economic Indexes for Areas (SEIFA) including its component scores (subject to high standard errors depending on the size of the custom region) for 2006, 2011 and 2016 Note: File Notes on ABS data by NSW water sharing plan regions.docx provides a comprehensive overview of the data's limitations that must be taken into consideration when using it

Purpose	Secondary data are available from ABS Agricultural and Population censuses for many of the economic indicators and measures identified in the Water Sharing Plan Evaluation Framework. But the data are at a scale that does not match with the water sharing plan (WSP) regions. NSW DPE – Water purchased customised data for each of the 59 WSP regions (58 since July 2023, Bega and Murrah-Wallaga Unregulated and Alluvial WSPs are merged into Bega Unregulated and Alluvial WSP 2023) from 2006, 2011, 2016 and 2021 ABS censuses. This allows development of evidence data packs to address key evaluation questions related to economic impacts of WSPs. Note: ABS could not provide agricultural census data on Barwon-Darling Unregulated River Water source WSP for technical reasons.
