

Title	Doctors Nose Mountain Nature Reserve Vegetation 2012 VIS_ID 4725
Alternative title(s)	DoctorsNoseMtNR_2012_E_4725
Abstract	<p>Doctors Nose Mountain Nature Reserve vegetation mapping was undertaken by Dr John T. Hunter in 2012 by contract for the NPWS Northern Tableland Region. Doctors Nose Mountain Nature Reserve is located approximately 6 km west of Tenterfield in the New England Tablelands Bioregion. The reserve comprises 67 ha of granite landscapes which include numerous areas of exposed rock slabs and boulder strewn slopes.</p> <p>The vegetation of the Doctors Nose Mountain Nature Reserve is described and mapped (scale 1:25 000). Five communities and three sub-associations are defined based on classification (Kulczynski association). These five communities were mapped based on ground truthing, air photo interpretation and landform.</p> <p>VIS_ID 4725</p>

Lineage

Dr John T. Hunter prepared the report of the vegetation of the Doctors Nose Mountain Nature Reserve. Aims included the collation of existing information from previous floristic surveys if any exist and the placement of 20 x 20 m stratified full vascular plant floristic sites. This is to be done in order to complete a comprehensive investigation of the vegetation and flora of the Doctors Nose Mountain Nature Reserve. The report represents the findings of this study. The collated information is to be used as a guide for management purposes.

The requirements of the investigation were: 1. Collate existing information from previous vegetation surveys conducted within the conservation areas. 2. Site placement to be based on selected environmental variables and be distributed based on the area they occupy. 3. Identify weed species and their occurrence. 4. Identify RoTAP, EPB&C Act and TSC Act species and their occurrence. 5. Identify regionally significant species. 6. Provide known fire ecology information on species and communities. 7. Construction of a vegetation map based on communities as defined by classification. 8. Provide management recommendations.
