Abstract	The following maps of known ESBS sites are provided as a guide for land managers to indicate the presence and approximate extent of ESBS in March 2006. They are indicative only and are not intended for fine scale assessment. Any future assessment of potential environmental impacts must re-survey the relevant area to determine the exact extent of ESBS. http://www.environment.nsw.gov.au/resources/nature/recoveryFinalEsbs.pdf NSW Department of Environment and Conservation (2004) Eastern Suburbs Banksia Scrub Endangered Ecological Community Recovery Plan.
