

Title	Federation Villages Floodplain Risk Management Study and Plan - Report
Abstract	The Study builds on flood modelling initially developed in the towns of Morundah, Boree Creek, Oaklands, Rand and Urana in the Federation Villages Flood Study (Jacobs, 2017). Work undertaken in these studies has been expanded upon in this Floodplain Risk Management Study and Plan (FRMS&P) to further understand and determine the nature and extent of the flood risk within each village, and to investigate and recommend potential flood risk management strategies, aligning with current best practice.
