Title	Goonook Nature Reserve Vegetation (NW Section) 2002. VIS_ID 314		
Alternative title(s)	GoonookNR_NW_2002_E_314		
Abstract	Vegetation community mapping for a small parcel of land abutting Goonook Nature Reserve by Paul McDonald, 2002. Traditional API methodology was used to complete this job across five reserves for the Manning Area, Mid North Coast NPWS Region:; 1.Brimbin Nature Reserve and adjoining freehold lands.; 2.Coxcomb NR and Anderson VCA.; 3.Khatambuhl NR; 4.Two sections of Killabakh NR; 5.Freehold purchase area on northwest corner of Goonook NR, around Mount Goonook.; The project consisted of fieldwork where possible and then interpretation of the photos to define the species types present. Some follow up fieldwork was undertaken.; Rather than assign a species type label to each polygon on the area, the polygon was given a number from 1 to n, for each area. A table for the area has a description of each polygon. VIS_ID 314
