

Title	IMEF Reports-Murrumbidgee
<p><b>Abstract</b></p>	<p>The IMEF program generated multiple reports on program design, methodologies, and outcomes for environmental flow monitoring across NSW. Data was collected until 2012 in a range of aquatic systems affected by flow from regulated rivers.</p> <hr/> <p>Note: If you would like to ask a question, make any suggestions, or tell us how you are using this dataset, please visit the <a href="#">NSW Water Hub which has an online forum</a> you can join.</p>
