Alternative title(s)	GPWAR
Abstract	<p>NSW is the leading state in implementing standardised water resource accounting. Our General Purpose Water Accounting Reports (GPWAR) adopt the Australian Water Accounting Standard 1 (AWAS 1). We produce annual GPWAR for all major regulated NSW inland valleys. We release these reports following the closure of a water year. The annual reports provide stakeholders with consistent and transparent water resource accounting information.</p> <hr/> <p>Note: Datasets that form part of the General Purpose Water Account Reports are published here:</p> <ul style="list-style-type: none"> • Allocation Account Balance Summary https://datasets.seed.nsw.gov.au/dataset/allocation-account-balance-summary • Available Water Determinations (AWD) https://datasets.seed.nsw.gov.au/dataset/available-water-determinations-awd-allocation-announcement
