AbstractThis landing page is the collection of data packages that support the Modelled Annual Cover and Management (C-factor) over New South Wales for years commencing 2001. Mean Annual Cover and Management (C-factor) is calculated as the Mean Cover and Management (C-factor) across full year ranges commencing 2001. Mean Annual Cover and Management (C-factor) across full year ranges commencing 2001. Mean Annual Cover and Management (C-factor) across full year ranges commencing 2001.
