

Title	Mt Kaputar National Park Vegetation. VIS_ID 930
Alternative title(s)	mt_kaputar_merge_VISmap_930, Mt_Kaputar_nthsth_Veg
Abstract	<p>Amalgamation of Mt Kaputar South (Porteners 1998) and Mt Kaputar North (Hunter 2000) vegetation maps. This dataset was created to provide a consistent vegetation map of the entire park for fire planning purposes. Amalgamation was undertaken by Miranda Kerr, Botanist for Western Directorate, August 2002, by comparing composition and structure of vegetation communities described for the two source datasets. For any other purposes it is recommended that the source datasets be used (see below). Merged data from:</p> <p>Mt Kaputar nth VIS_ID 931 Hunter, J.T. & Alexander, J. (2000). Vegetation of Mt Kaputar (Northern Section). Unpublished Report to the NSW National Parks & Wildlife Service</p> <p>and Mt Kaputar Sth VIS_ID 932 Porteners, M.F. (1998). Vegetation Survey of Mt Kaputar National Park (Southern Portion). Unpublished Report to the NSW National Parks & Wildlife Service.</p> <p>VIS_ID 930</p>
