

Title	Repealed - Sydney Regional Environmental Plan No 33-Cooks Cove
Alternative title(s)	SREP No 33-Cooks Cove
Abstract	<p>This is a repealed State Environmental Planning Policy and has been superseded by the State Environmental Planning Policy (Precincts - Eastern Harbour City) 2021 as part of the Department's initiative to consolidate State Environmental Planning Policies to simplify and provide certainty to the planning system.</p> <p>Click here to go to the State Environmental Planning Policy (Precincts - Eastern Harbour City) 2021 Open Data page: https://www.planningportal.nsw.gov.au/opendata/dataset/state-environmental-planning-policy-precincts-eastern-harbour-city-2021</p> <p>Go to the following link to find out more about the new consolidated SEPPs: https://www.planning.nsw.gov.au/Policy-and-Legislation/State-Environmental-Planning-Policies/Consolidated-state-environmental-planning-policies</p> <p>This historical record represents Sydney Regional Environmental Plan No 33-Cooks Cove</p>

Edition	2016
Dataset URI	https://datasets.seed.nsw.gov.au/dataset/5aa288d4-c51b-4931-bc7e-6b8b19d3e1c6
Purpose	<p>This plan aims:(a) to establish planning principles for the development of land that promote the ecologically sustainable use of the Cooks Cove site, and (b) to rezone land at Cooks Cove to encourage trade and technology uses, and to attract global-reach businesses which strengthen Sydney's international competitiveness, and (c) to capitalise on the physical proximity of the Cooks Cove site to Sydney International Airport and Port Botany to create trade-focussed development, and (d) to facilitate master planning strategies that will promote the orderly development of public open space and trade and technology land uses, and (e) to identify appropriate development form and capacity for the Cooks Cove site, and (f) to provide open space for a range of recreational uses, and (g) to provide for good public access through the Cooks Cove site and along the Cooks River foreshores, and (h) to enhance the Botany Bay to Homebush Bay regional cycleway and pedestrian/cycle network, and (i) to protect environmentally significant wetlands and the habitat of the endangered Green and Golden Bell Frog, and (j) to establish vegetated riparian areas along the Cooks River and Muddy Creek foreshores, and (k) to provide vegetated riparian buffers around the Marsh Street, Eve Street, Spring Creek and Landing Lights wetlands.</p>

Status	Obsolete

Lineage

This spatial dataset reflects the current planning legislation in NSW in particular the maps and legislation published on the NSW legislation website (www.legislation.nsw.gov.au). The data production usually occurs in conjunction with the development of the Environmental Planning Instrument (EPI) it is connected to. Original data inputs are produced by Local Government or the Department according to map and data standards developed by the Department and published externally via the website. These data inputs are checked by data and cartographic staff as well as planning staff internally against the map and data standards as well as for accurate content. Once the planning instrument is notified, the input data will be incorporated into the relevant EPI datasets. The quality management processes involved in the data production to this point are routinely screened by internal and external auditors for certification under ISO 9001 - Quality Management Systems. At this point the various datasets are then combined into a new normalised data schema to suit the requirements of the online Planning Viewer. This occurs via various automated ETL processes. Although every care is taken in ETL processes to maintain accuracy sometimes differences between inputs and final normalised data can occur.
