

<b>Title</b>	Warialda State Conservation Area Stonehenge Section Vegetation 2009 VIS_ID 4760
<b>Alternative title(s)</b>	WarialdaSCA_Stonehen_2009_E_4760
<b>Abstract</b>	<p>Warialda CCAZ3 State Conservation Area vegetation mapping was undertaken by Dr John T. Hunter in 2009 by contract for the NPWS Northern Tableland Region. The Warialda CCAZ3 State Conservation Area is located 10km south of the township of Warialda.</p> <p>The vegetation of the Stonehenge (middle) section of the three Warialda SCA/NP sections is described and mapped (scale 1:50 000). Five communities are defined based on classification (Kulczynski association). These five communities were mapped based on ground truthing, air photo interpretation and landform. The communities described and their status are C1: Black Cypress Pine - Dirty Gum Woodland 170 ha, C2: Smooth-barked Apple - Black Cypress Pine 75.5 ha, C3: White Cypress Pine - Silver-leaved Ironbark - Blakely's Red Gum 221 ha, C4: White Cypress Pine - Silver-leaved Ironbark - White Box 46 ha, C5: White Cypress Pine - Mugga Ironbark - Silverleaved Ironbark 16 ha.</p> <p>VIS_ID 4760</p>

## Lineage

The requirements of the investigation were: 1. Collate existing information from previous vegetation surveys conducted within the conservation areas. 2. Site placement to be based on selected environmental variables and be distributed based on the area they occupy. 3. Identify weed species and their occurrence. 4. Identify RoTAP, EPB&C Act and TSC Act species and their occurrence. 5. Identify regionally significant species. 6. Provide known fire ecology information on species and communities. 7. Construction of a vegetation map based on communities as defined by classification and ordination analyses. 8. Provide management recommendations.
