

Title	Water Modelling-Water Models-Without Development-Gwydir
Alternative title(s)	Surface water modelling
Abstract	<p>The Gwydir River 'without development' model is a hydrological model of the Gwydir River system that does not represent river system infrastructure, extractions or water management rules.</p> <p>Note: Source software (available from ewater.org.au) is required to view and run the model(s) within.</p> <hr/> <p>Note: If you would like to ask a question, make any suggestions, or tell us how you are using this dataset, please visit the NSW Water Hub which has an online forum you can join.</p>
