Title	Wollombi Floodplain Risk Management Study and Plan-Report
Abstract	The Wollombi Flood Study Review and Model Upgrade completed in 2010 represents the initial stage in the floodplain management process and establishes the basis for the current floodplain risk management study. The objectives of the Wollombi Floodplain Risk Management Study are to: ☐ Identify and assess measures for the mitigation of existing flood risk; ☐ Identify and assess planning and development controls to reduce future flood risks; and ☐ Present a recommended floodplain management plan that outlines the best possible measures to reduce flood damages in the Wollombi locality. This report documents the Floodplain Risk Management Study and presents a recommended Floodplain Risk Management Plan for the Wollombi Village.
